Areola pigmentation, also known as areola tattooing, is a procedure that involves tattooing pigment onto the areolas (the dark circular areas surrounding the nipples).

Unilateral areola	£250
Bilateral areola	£350

AESTHETICS / SKIN BOOSTERS / POLYNUCLEOTIDES

SKIN BOOSTERS are injectable hyaluronic acid (HA) solutions, vitamin and mineral solutions that hydrate and plump the skin, improving its texture and elasticity. They are a popular choice for addressing fine lines, wrinkles, and overall skin quality.

POLYNUCLEOTIDES are injectable bio-stimulators derived from DNA fragments of salmon fish. They work by stimulating collagen and elastin production, leading to improved skin firmness, elasticity, and hydration. Polynucleotides are often used to treat sagging skin, around eye area, acne scars, and other skin concerns.

AESTHETICS / MUSCLE RELAXANT TOXIN

Anti-wrinkle Injections (3 areas)	£250
Anti-wrinkle Injections (2 areas)	£200
Anti-wrinkle Injections (1 area)	£180
Follow up In 2 weeks	Free

AESTHETICS / FAT DISSOLVING INJECTIONS / ANTI-CELLULITE MESOTHERAPY

FAT DISSOLVING INJECTIONS referred to as lipolytic injections, are non-surgical treatments that involve injecting a solution that contains deoxycholic acid (a bile acid that aids fat digestion) into localised fat deposits to break down and dissolve the fat cells. These injections are designed to target and reduce small, stubborn pockets of fat that are resistant to diet and exercise.

ANTI-CELLULITE MESOTHERAPY Alidya is the **first injectable device** specifically designed for the prevention and treatment of Cellulite.

- Smooths & tightens skin
- Improves Lymphatic Drainage
- Removes toxins from skin tissue
- Produce long lasting results

*For maximum benefits, we recommend combining the rejuvenating effects of LPG massage with the targeted precision of Alidya injections.

MEDICAL LPG ENDERMOLOGIE®

LPG endermologie can be used to improve the look and feel of multiple types of scars (e.g. **hypertrophic and atrophic**) including: **Newer and very old scars**, LPG endermologie treatment is suitable after 3-6 months post injury, and can be **very effective on old scars. Burn scars, especially after skin grafts.**

£2 Per 1 min

From £40

LPG endermologie massage (Body & Face)

LPG Endermologie is a cutting-edge technology, internationally recognised as the world leader in connective tissue stimulation that uses mechanical massage to stimulate skin and underlying tissues. This method promotes lymphatic drainage, increases blood circulation, and stimulates collagen production. Suitable for both men and women, it's an ideal choice for those seeking a non-surgical way to improve skin texture and body contours.

CUSTOMIZED LIPOMASSAGE

TREATMENT: up to 4 areas*

Your customized treatment **up to 4 areas***

Arms, back, waist, stomach, saddle bags, buttocks, thighs, inner thighs, knees/Calves

BENEFITS OF TREATMENT

- Diminishes the appearance of cellulite
- Tones the skin
- Firms the skin
- Contours the body
- Encourages cell renewal
- Encourages lymphatic drainage

Treatment time: 20 - 40 min

We recommend 10-12 sessions, twice per week

£2 Per 1 min

From £40

Lymphatic Drainage massage

Stimulates circulatory and lymphatic drainage to fight water retention and **drains toxins: skin is "re-oxygenated"**.

For an **immediate boost and sensation of lightness**.

Done as and when needed. Can be done alongside your slimming treatments. Can be done for pregnant and new mums.

Treatment time: 30- 40 min

£2 Per 1 min

From £60

Anti- Cellulite Massage

Releases localized fat, reactivates circulatory exchanges and firms to recover smoother and firmer skin as well as a lighter body. This treatment is suitable for **all types of cellulite (adipose, aqueous and fibrous)**.

Treatment time: 40 min

We recommend 10-12 sessions, twice per week.

*Combine LPG massage with Alidya mesotherapy for full benefits. See section **INJECTABLES**

£80

VITALITY, STRESS, SLEEP (VSS)

massage

The *Vitality–Stress–Sleep (VSS) protocol* combines three effects: nervous, circulatory and muscular, to improve overall well-being while strengthening the body's natural defences.

*The endermologie® Vitality–Stress–Sleep (VSS) protocol can be delivered as a **10-session well-being treatment programme** or as a booster before starting a body endermologie® programme to optimise its effectiveness.*

Effects are felt from the 1st session on vitality, stress reduction, well-being and muscular pain.

Treatment time: 40 min

£80

FACE LPG endermologie treatments

TARGETED TREATMENTS

Forehead, Eyes: Anti-Wrinkle; Eyes: Puffiness and Dark Circles; Mouth; Double Chin; Facial Contours; Neck; Décolleté; Hands

Treatment time- from 10 min

GLOW

This treatment boosts microcirculation and oxygenates the skin for immediate radiance. A quick healthy glow as seasons change or before a special occasion.

Treatment time- from 20 min

LYPHATIC DRAINAGE/ FLUID MOBILIZATION

Decongests the eye contour area and drains toxins for a unified complexion. An ideal treatment for faces with signs of fatigue.

Treatment time- from 25 min

Age-defying Replumping

The face recovers harmonious volume, the skin is replumped and deeply moisturised, wrinkles and fine lines are smoothed.

Treatment time- 35 min

Age-defying Skin Toning

Restores skin's density while filling in wrinkles and fine lines from within. The eyes are opened up, the skin becomes more supple for a real "lifting effect".

Treatment time- 35 min

from £20

from £45

from £55

from £75

£80

Age-defying Resculpting

The face is visibly slimmed, the double chin deminished. Facial contours are firmed and reshaped.

£80

MEDICAL LPG endermologie massage (Body & Face)

Medical endermologie® sessions can treat all connective tissue transformations:

(burns, scars, fibrosis, etc.), circulation problems, and muscle pathologies (lesions, back pain, sciatica, fibromyalgia, etc.) naturally and painlessly, without any side effects.

SCARS and BURNS

- *Recent scars still showing signs of inflammation*
- *Old scars*
- *Surgical or traumatic scars*
- *Burns, even after skin grafts*
- *Caesarean scars*
- *Scleroderma*

from £40

VITALITY, STRESS, SLEEP (VSS)

massage

The *Vitality–Stress–Sleep (VSS) protocol* combines three effects: nervous, circulatory and muscular, to improve overall well-being while strengthening the body's natural defences.

*The endermologie® Vitality–Stress–Sleep (VSS) protocol can be delivered as a **10-session well-being treatment programme** or as a booster before starting a body endermologie® programme to optimise its effectiveness.*

Effects are felt from the 1st session on vitality, stress reduction, well-being and muscular pain.

Treatment time: 40 min

£80

MUSCULAR PAIN

Medical Endermologie® mobilizes tissue and stimulates circulatory exchanges to relieve tensions and reduce stiffness. This pleasant and natural treatment **restores joint mobility while significantly reducing pain.**

Treatment time: from 30 min

from £60

WOMEN'S HEALTH

During Pregnancy

After Pregnancy

Medical Endermologie® can be used for **Caesarean section scar reduction and firming up the skin of the belly.**

Period Pain and Endometriosis

✓**Reduces inflammation:** The mechanical stimulation can help reduce inflammation in the **pelvic region**, which often contributes to period pain and **endometriosis symptoms.**

✓**Improves circulation:** By increasing blood flow to the area, LPG massage can help **promote healing and reduce discomfort.**

✓**Relaxes muscles:** The massage can **help relax tense muscles in the pelvic area**, which can also contribute to pain.

✓**Improves lymphatic drainage:** LPG massage can help **improve the lymphatic system's ability to drain fluid, which can reduce swelling and discomfort.**

It's important to note that LPG massage is not a cure for period pain or endometriosis. However, it can be a valuable tool for managing symptoms and **improving overall quality of life.**

Menopause

Medical Endermologie® **helps to diminish certain effects of menopause.** The Alliance treatment head stimulates the skin so as to **release stubborn, localised fat and reduce the orange-peel skin effect.** Simultaneously, medical Endermologie® **tones the skin by activating the natural synthesis of collagen and elastin.** Furthermore, it **reactivates**

from £40

circulatory exchanges to relieve heavy leg and water retention symptoms.

Post-Breast Cancer Care

While prevention, research and treatment are regularly making tremendous progress, there is still very little focus on post-operative care.

However, this is the most important time for **physical and psychological rehabilitation**, and their success is crucial to **return to an active life and feeling feminine again.**

Medical Endermologie® can work hand-in-hand with recovery via physiotherapy to allow women to resume a sense of normalcy and **regain their physical confidence.**
